

# LIBRARY - BULLETIN

## Recently Renewed Journal Titles

### E-Learning and Digital Media

It is a peer-reviewed international journal focusing on the study and research of e-learning in its diverse aspects: pedagogical, curricular, sociological, economic, philosophical and political issues.

### Journal of the Institute of Telecommunications Professionals

TK5101.A1 J693

The Journal is the Information and Communication Technologies (ICT) industry's leading technical magazine. It contains articles by leading experts and academic researchers on a wide range of subjects relating to the latest developments in technology.

### Modern English Teacher

PE1128 .M61

It covers all aspects of English language teaching, and offers a magazine for teachers and language professionals, that is stimulating, challenging and useful for professional development and day-to-day teaching.

## Media Resources - Videos on Scientific Breakthroughs

### Re-gen Revolution QP89 .R43 DVD

If scientists could grow new tissue and organs in the lab and safely implant them, would the days of desperate patients waiting for organ donors become a distant memory?

### Meet the Microbots R857.N34 M447 DVD

This program explores how nanotechnology can be applied to medicine, creating tiny robots that are able to enter the bloodstream, find cancerous cells without anyone's guidance, and kill them.

### Wired Brain QP360.7 .W57 DVD

The program studies brain-computer interface technology, whereby the intentions and desires of the human mind can be read -- and translated into action.
