Amirsys Imaging Reference Center (ovid)

This database features over 4,000 classic, clinical diagnoses, and nearly 72,000 images such as MRI, CT scans, ultrasounds, x-rays and medical illustrations. Key facts are included in each diagnosis, outlining the topic's key information, such as terminology, imaging, top differential diagnoses, pathology, and clinical issues.

Amirsys Imaging Reference Center

Art & Architecture in Video

This is an online streaming film collection of documentaries and interviews illustrating the history, theory and practice of art, design and architecture. The collection spans period and region, including coverage of the Renaissance, Neoclassicism, Romanticism, Modern, and Contemporary Art. In addition to art history and theory, the collection addresses applied topics such as architectural and graphic design.

Rehabilitation Therapy in Video

Rehabilitation Therapy in Video is a unique online collection of videos created specifically for the education and training of occupational therapists, physical therapists, speech-language pathologists, special educators, and therapy assistants. The database collects the streaming videos focused on the physical treatment of patients with congenital disorders, chronic health issues, and traumatic injuries. It allows students and faculty to easily find, cite, and share footage of top clinicians and academics explaining the underlying anatomical and neurological issues in specific patient populations, while demonstrating effective techniques and methods for their treatment. All of the video has been thoroughly indexed to allow users to search and filter content by patient details, therapist specialization, treatment method, presenting problem, and more.
